1. 1st Prize Quad, 2nd Prize \$1,000, 3rd Prize \$750, 4th Prize \$500, 5th Prize \$250, 6th Prize \$250.

 New site concept was competed and revealed on February 22, 2024 at the Great Sacandaga Brewing Company. The Master Plan 2024 encompasses all the needed items for the build and sets the stage for “Stage 2 Engineering” which will lead into a land purchase once funded. All webpages were updated to reflect the Master Plan 2024.

 UIP will plan a Fall Bowel-A-Thon and an hour of free skate at SRCRF. If you wish to be sponsored and raise funds for the UIP with the Bowel-A-Thon, all details will be provided under our “Events” page in the near future and who to contact. Date for SRCF will be posted in the near future.

 UIP is still looking to expand with qualified individuals who understand construction build process, money management, grant applications, coaching, and sports education.

 Grant Application filed with Senator Kristian Gillibrand for the UIP and hopefully being shortlisted for the fourth year in a row while working with NYS Officials.
